

## PHST medical oncology recruitment – shortlist score data (2016-2026)

This document contains shortlist score data for PHST medical oncology recruitment. Graphs depicting the distribution of shortlisting scores are presented for both rounds 1 & 2.

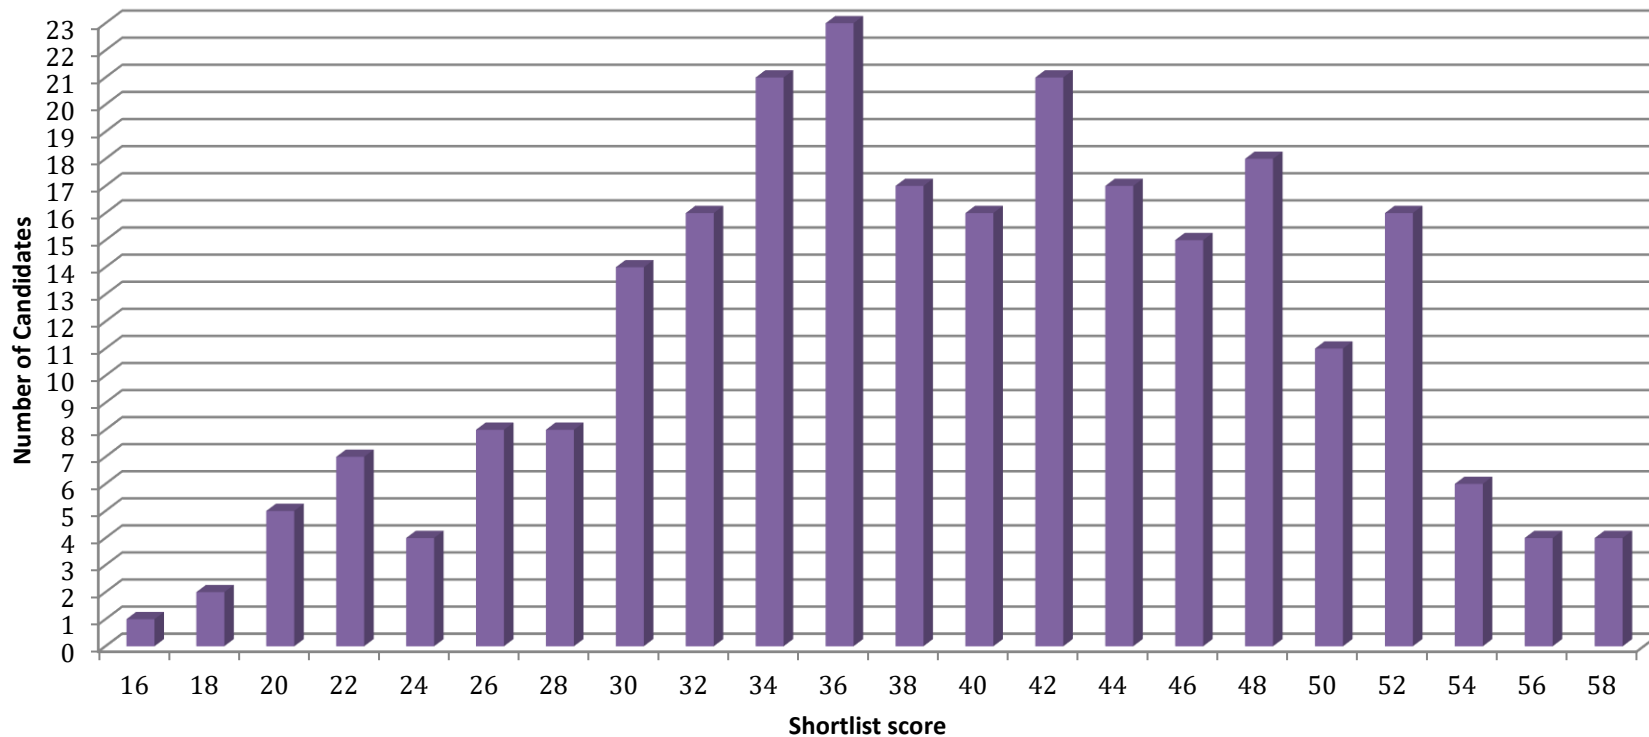

## PHST medical oncology recruitment – shortlist score distribution 2026 (round 1)

The graph below shows the distribution of shortlist scores (verified self-assessment) awarded to medical oncology applications which reached the evidence verification stage in 2026 PHST recruitment round 1.

The number of applications progressing to shortlisting was **254**; shortlist scores ranged from **16-58** (min and max possible were 0-60).

Mean and median averages achieved were **38** (38.5) and **39** respectively.

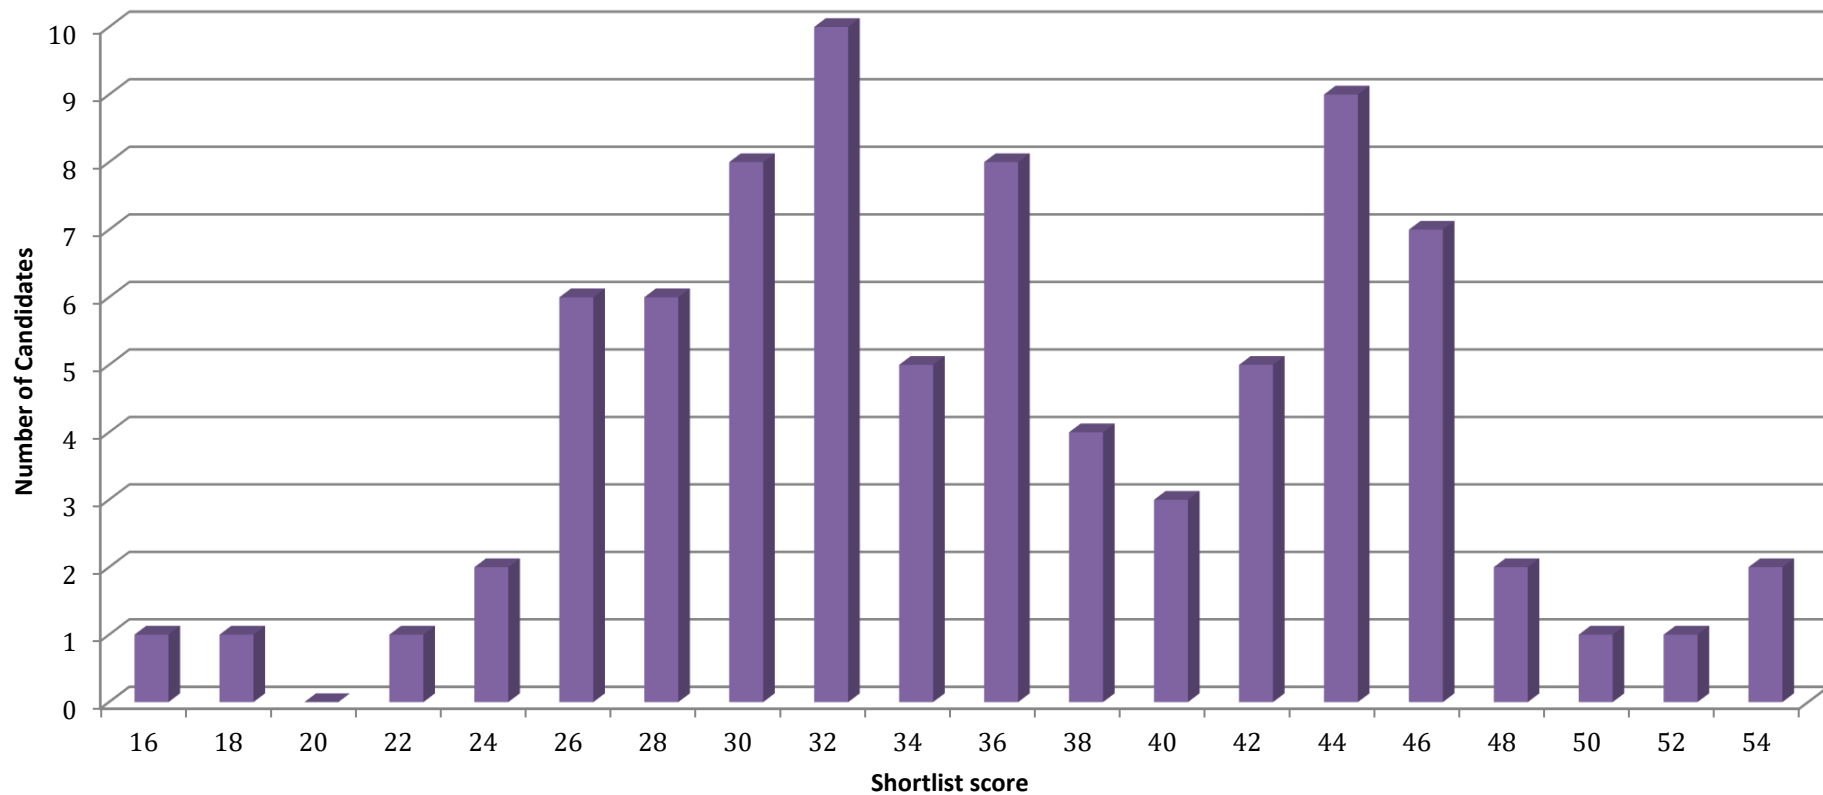

## PHST medical oncology recruitment – shortlist score distribution 2025 (round 2)

The graph below shows the distribution of shortlist scores (verified self-assessment) awarded to medical oncology applications which reached the evidence verification stage in 2025 PHST recruitment round 2.

The number of applications progressing to shortlisting was **82**; shortlist scores ranged from **15-54** (min and max possible were 0-60).

Mean and median averages achieved were **36** (35.5) and **35** respectively.

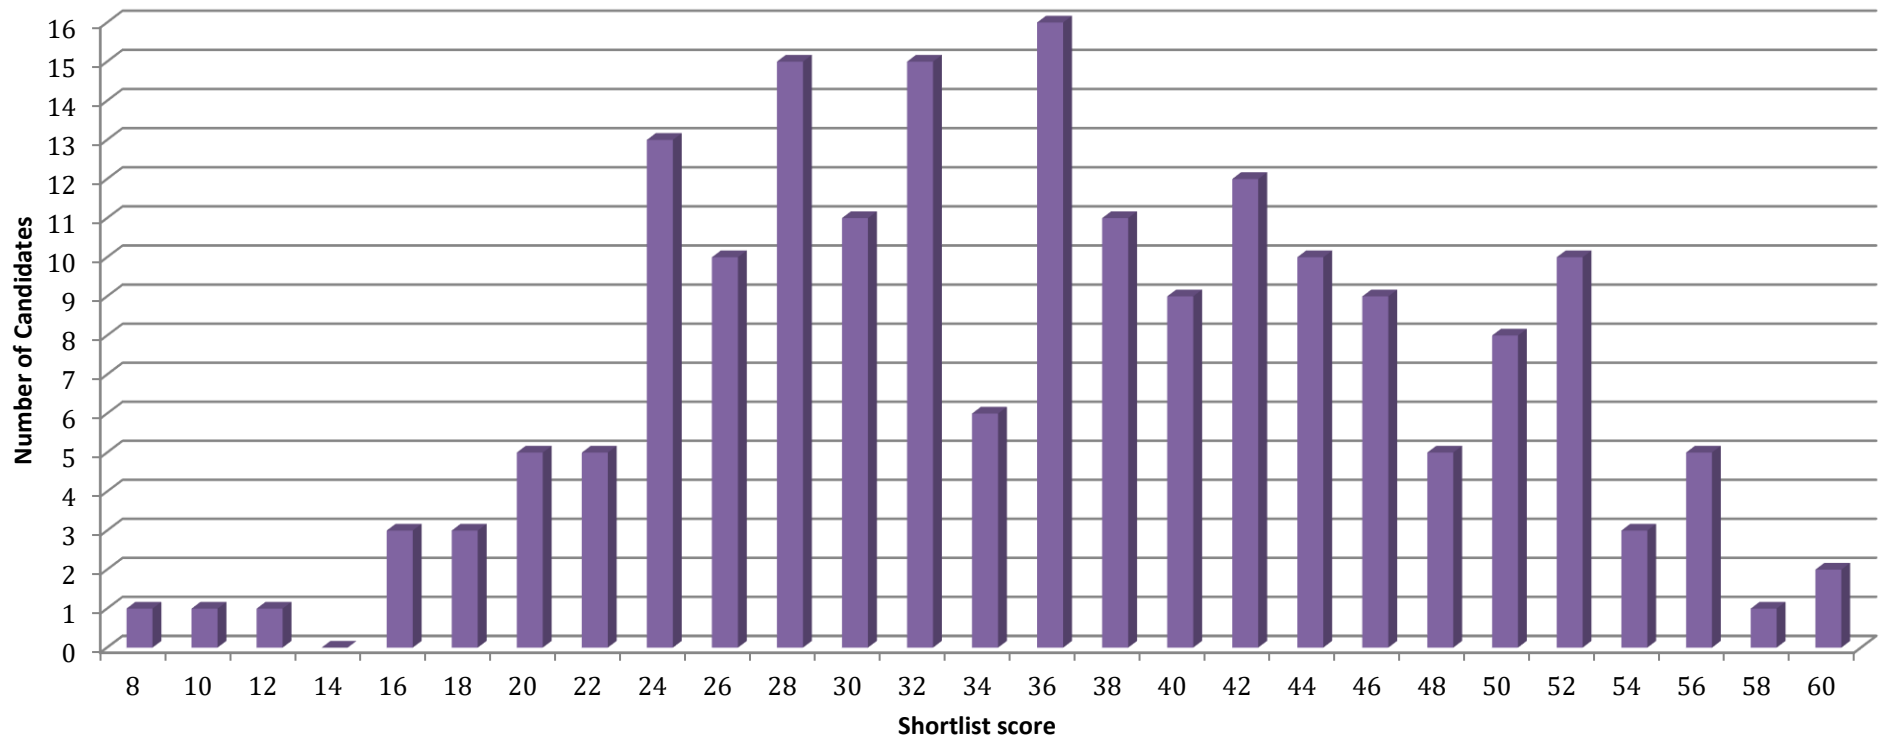

## PHST medical oncology recruitment – shortlist score distribution 2025 (round 1)

The graph below shows the distribution of shortlist scores (verified self-assessment) awarded to medical oncology applications which reached the evidence verification stage in 2025 PHST recruitment round 1.

The number of applications progressing to shortlisting was **190**; shortlist scores ranged from **8-59** (min and max possible were 0-60).

Mean and median averages achieved were **36** (35.5) and **36** respectively.

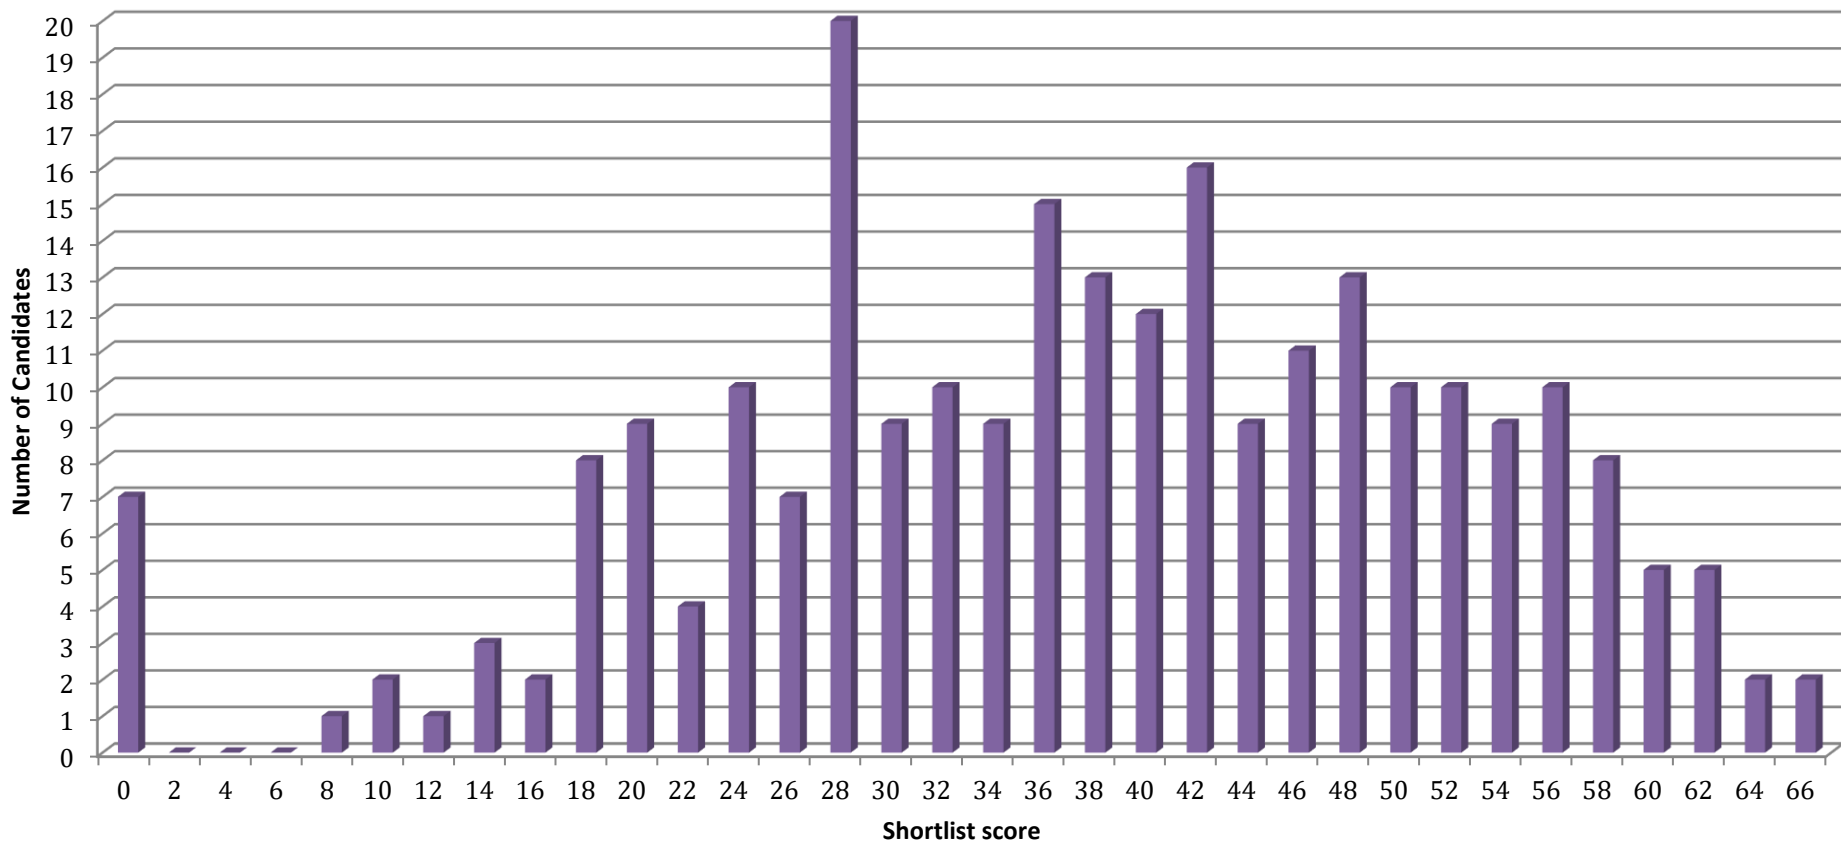

## PHST medical oncology recruitment – shortlist score distribution 2024 (round 1)

The graph below shows the distribution of shortlist scores (verified self assessment) awarded to all medical oncology applications submitted in 2024 PHST recruitment round

The number of applications progressing to shortlisting was **252**; shortlist scores ranged from **0-66** (min and max possible were 0-70).

Mean and median averages achieved were **37** (37.3) and **38** respectively.

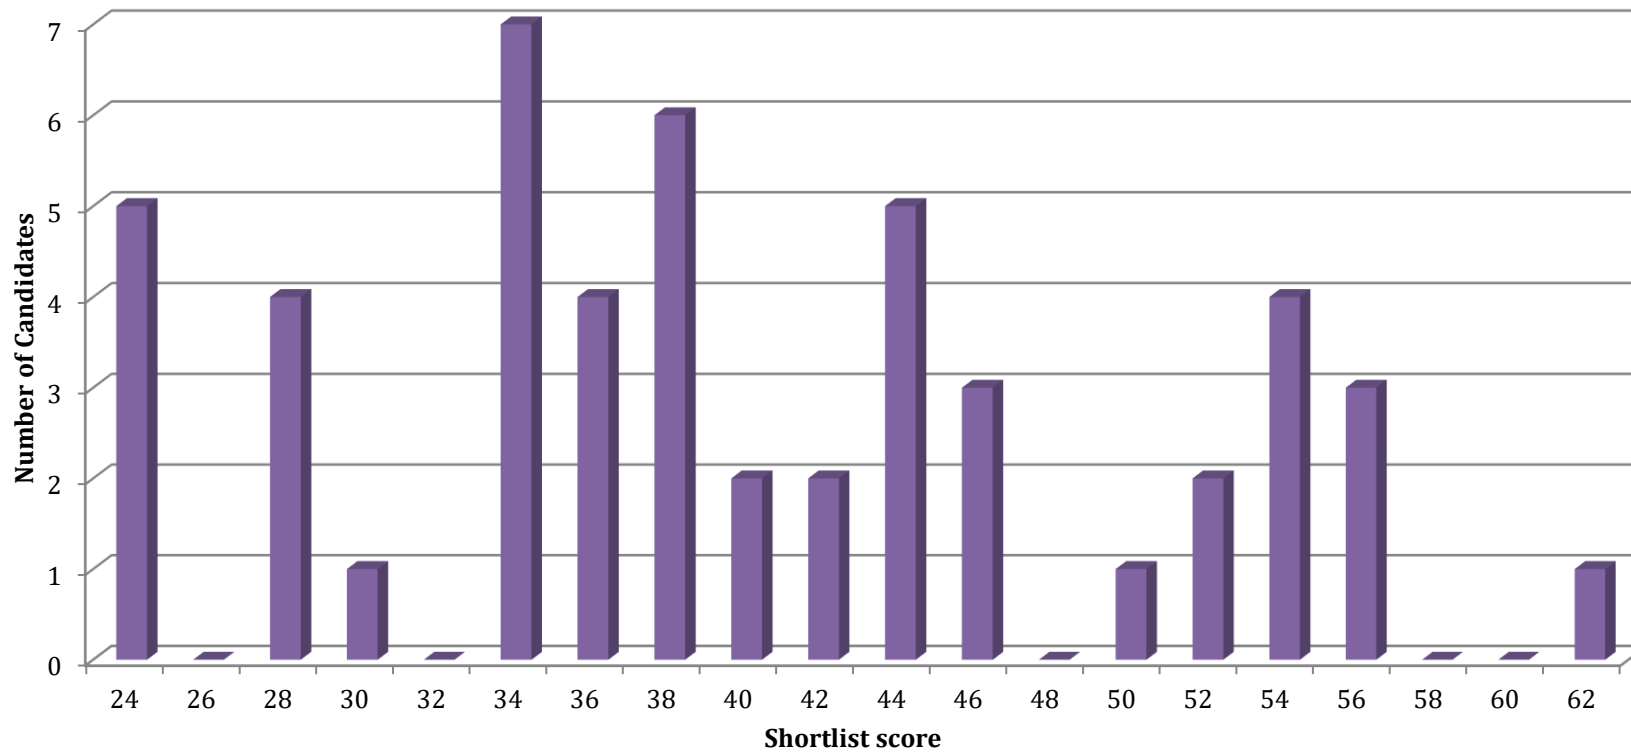

## PHST medical oncology recruitment – shortlist score distribution 2023 (round 2)

The graph below shows the distribution of shortlist scores (verified self assessment) awarded to all medical oncology applications submitted in 2023 PHST recruitment round 2.

The number of applications progressing to shortlisting was **50**; shortlist scores ranged from **23-61** (min and max possible were 0-70).

Mean and median averages achieved were **40** (39.4) and **37.5** respectively.

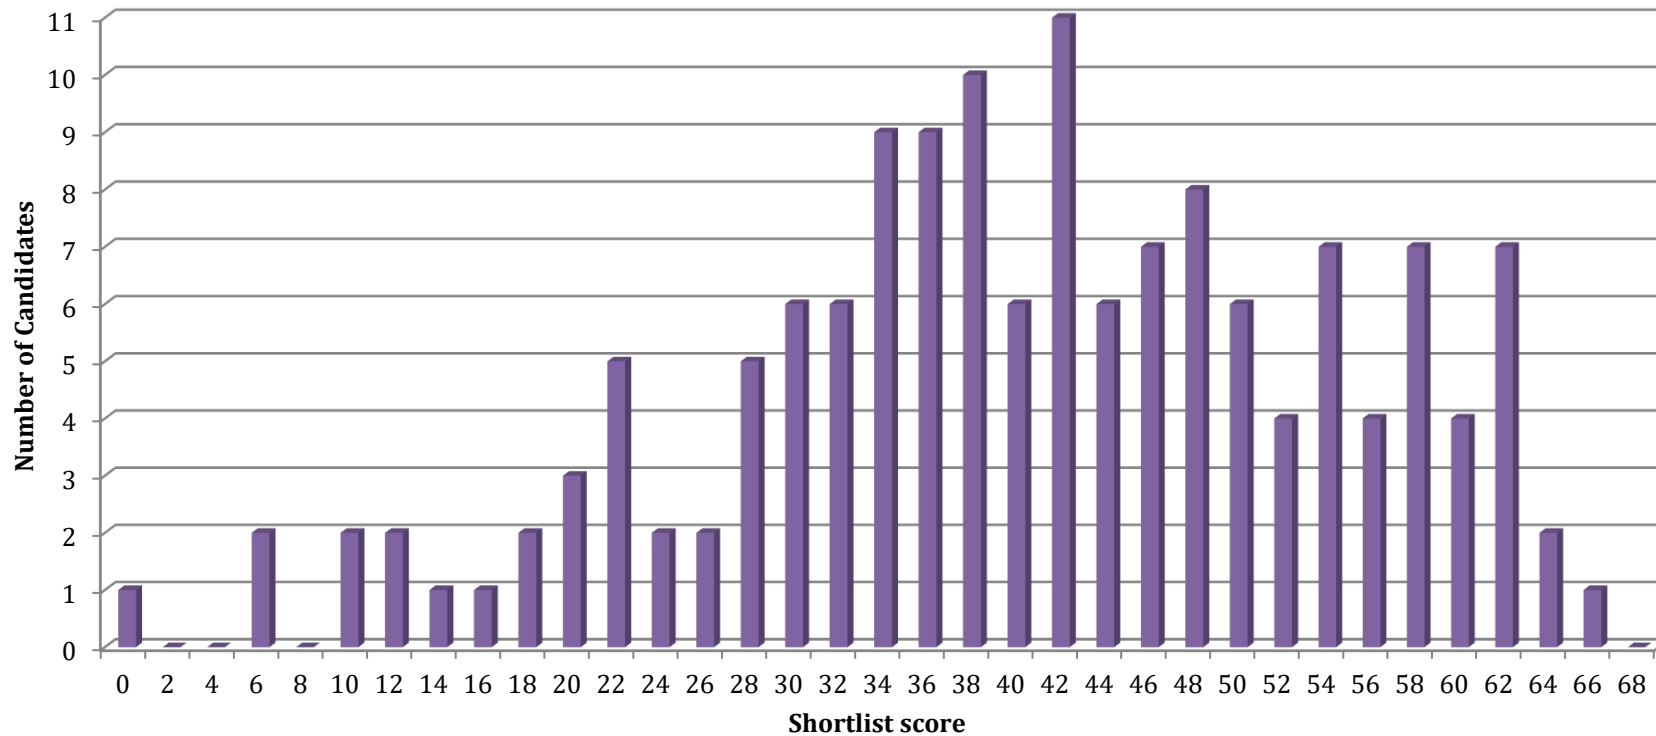

## PHST medical oncology recruitment – shortlist score distribution 2023 (round 1)

The graph below shows the distribution of shortlist scores (verified self assessment) awarded to all medical oncology applications submitted in 2023 PHST recruitment round

The number of applications progressing to shortlisting was **148**; shortlist scores ranged from **0-65** (min and max possible were 0-70).

Mean and median averages achieved were **40** (39.8) and **40.5** respectively.

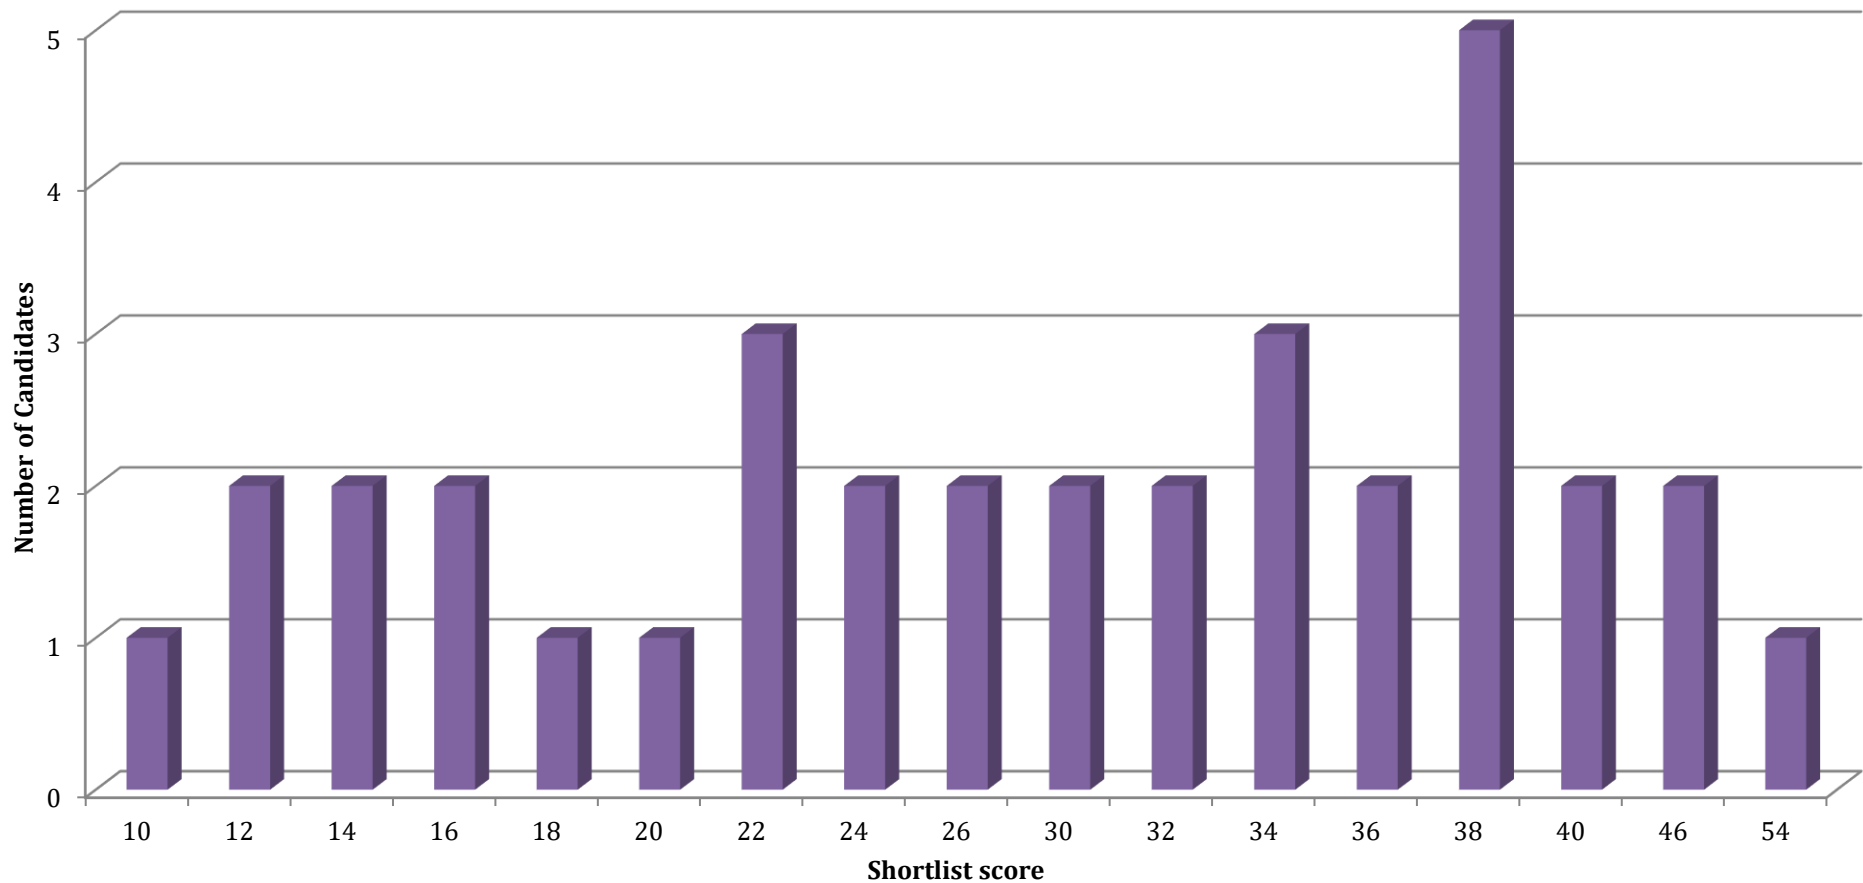

## PHST medical oncology recruitment – shortlist score distribution 2022 (round 2)

The graph below shows the distribution of shortlist scores (verified self assessment) awarded to all medical oncology applications submitted in 2022 PHST recruitment round 2.

The number of applications progressing to shortlisting was **46**; shortlist scores ranged from **0-54** (min and max possible were 0-78).

Mean and median averages achieved were **22** (21.67) and **23** respectively.

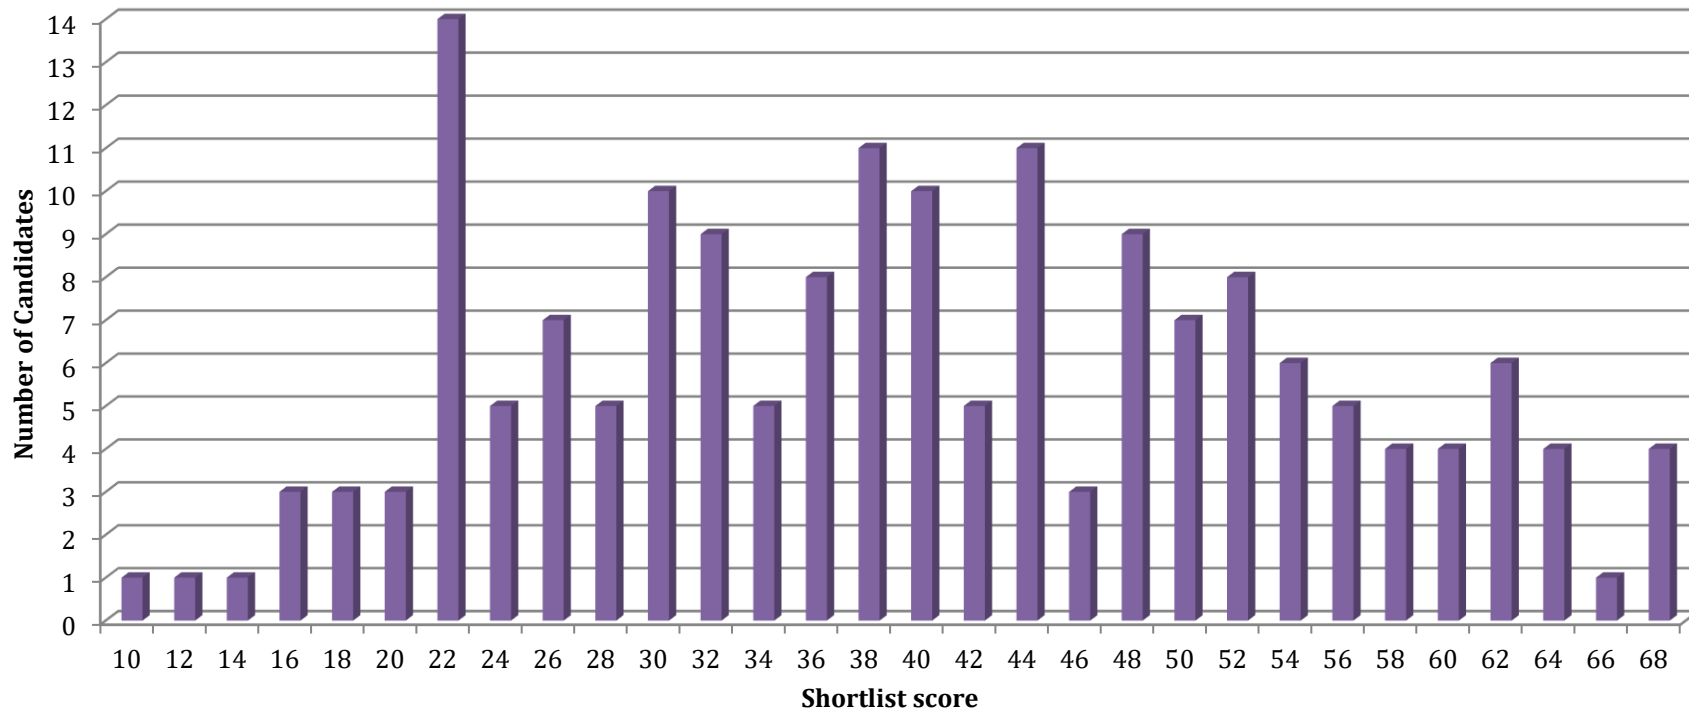

## PHST medical oncology recruitment – shortlist score distribution 2022 (round 1)

The graph below shows the distribution of shortlist scores(verified self assessment) awarded to all medical oncology applications submitted in 2022 PHST recruitment round 1.

The number of applications progressing to shortlisting was **174**; shortlist scores ranged from **10-75** (min and max possible were 0-78).

Mean and median averages achieved were **40** (39.51) and **39** respectively.

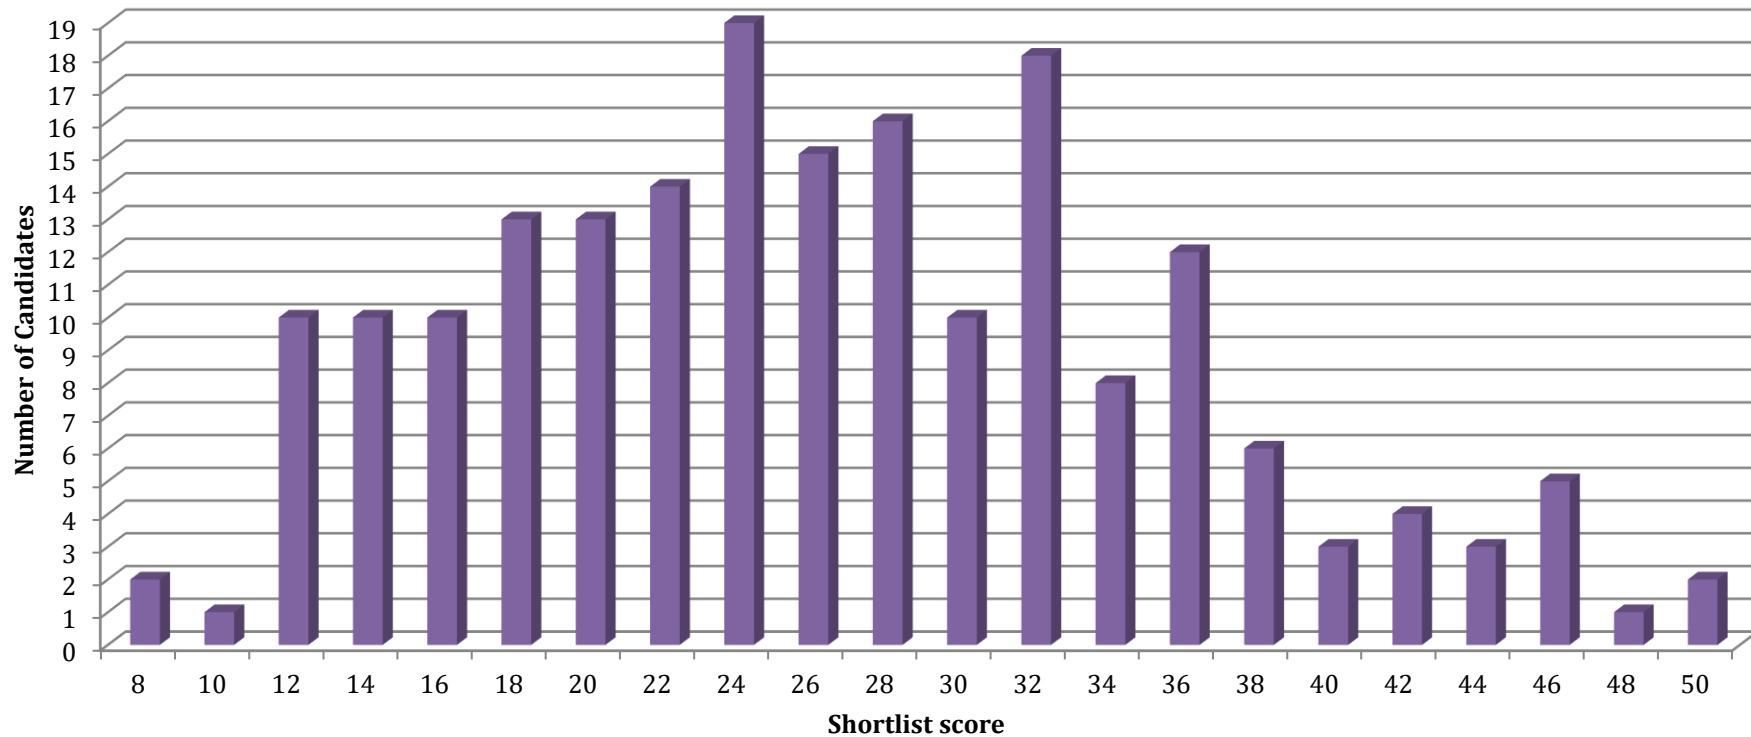

## PHST medical oncology recruitment – shortlist score distribution 2021 (round 1)

The graph below shows the distribution of shortlist scores (verified self assessment) awarded to all medical oncology applications submitted in 2022 PHST recruitment round 1.

The number of applications progressing to shortlisting was **195**; shortlist scores ranged from **8-50** (min and max possible were 0-78).

Mean and median averages achieved were **26** (25.85) and **25** respectively.

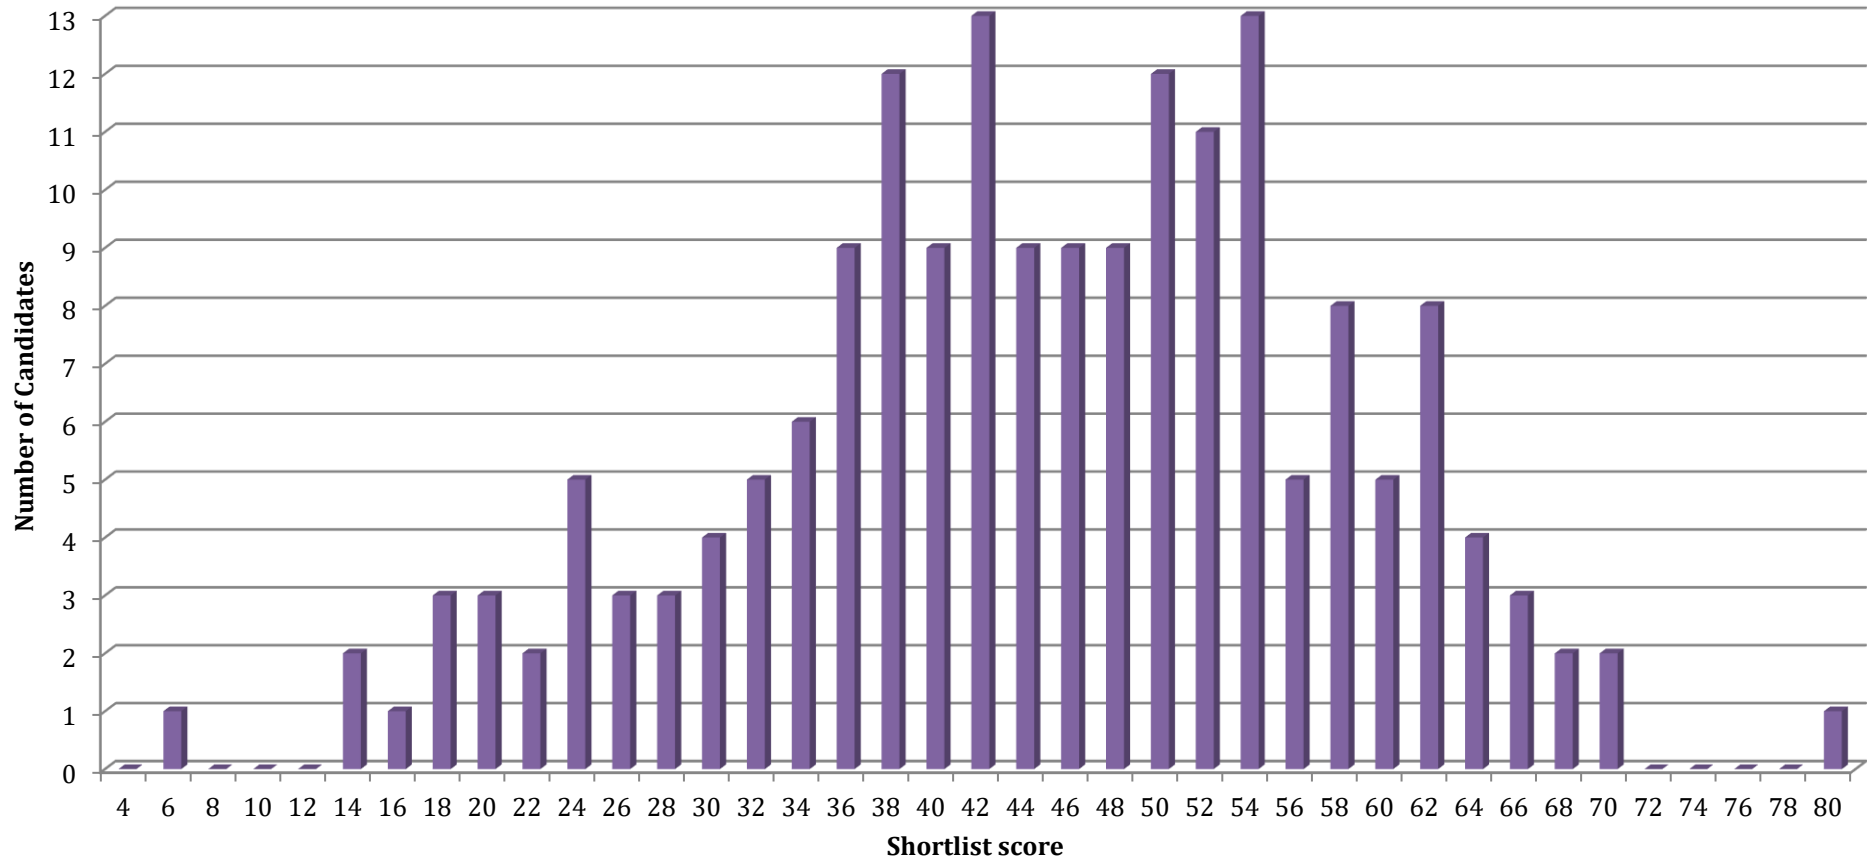

## ST3 medical oncology recruitment – shortlist score distribution 2020 (round 1)

The graph below shows the distribution of shortlist scores awarded to all medical oncology applications submitted in 2020 ST3 recruitment round 1.

The number of applications progressing to shortlisting was **182**; shortlist scores ranged from **5-80** (min and max possible were 0-80).

Mean and median averages achieved were **44** (44.16) and **45** respectively.

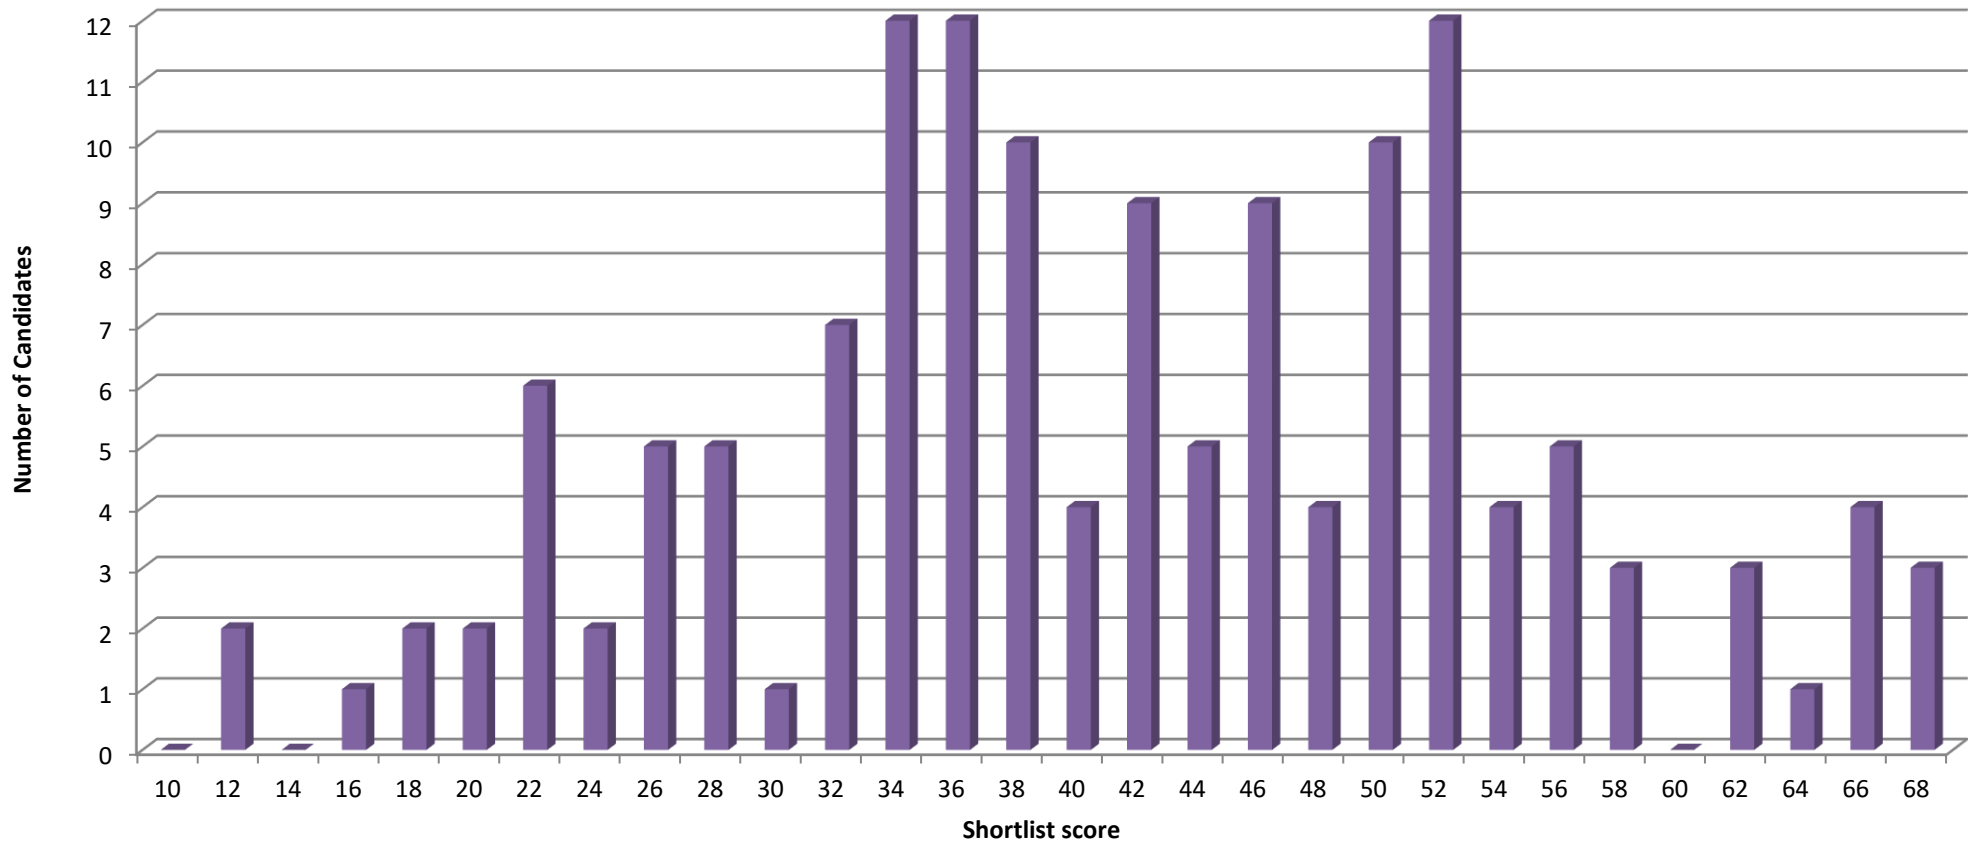

## ST3 medical oncology recruitment – shortlist score distribution 2019 (round 1)

The graph below shows the distribution of shortlist scores awarded to all medical oncology applications submitted in 2019 ST3 recruitment round 1.

The number of applications progressing to shortlisting was **143**; shortlist scores ranged from **12-67** (min and max possible were 0-80).

Mean and median averages achieved were **41** (40.91) and **41** respectively.

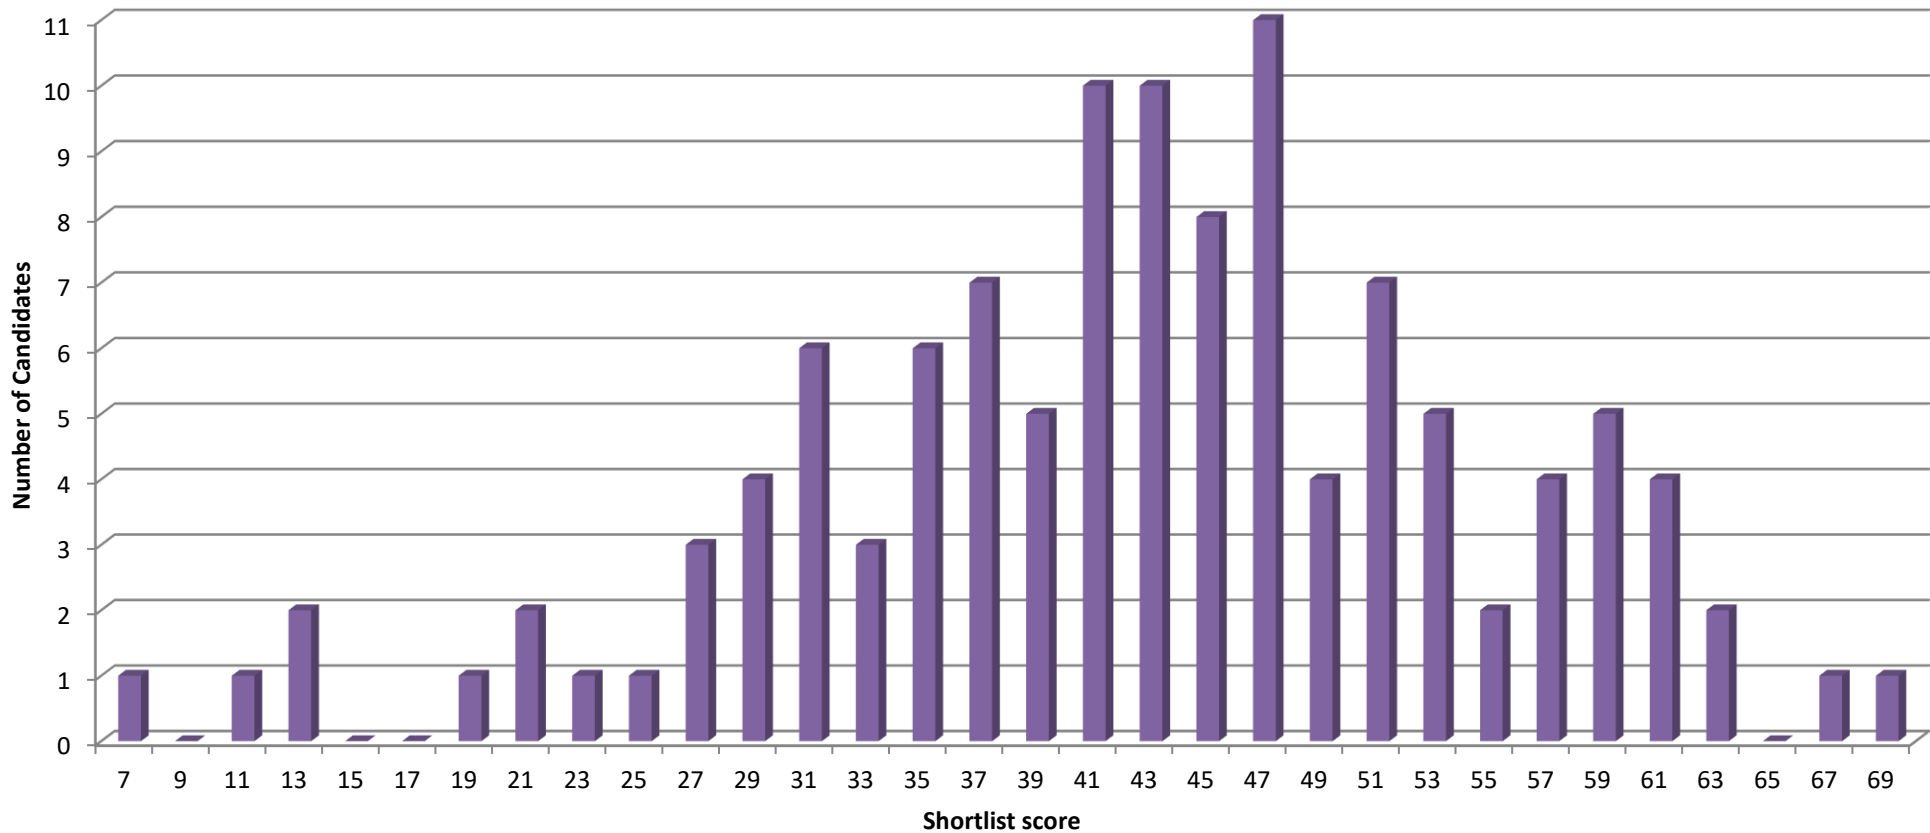

## ST3 medical oncology recruitment – shortlist score distribution 2018 (round 1)

The graph below shows the distribution of shortlist scores awarded to all medical oncology applications submitted in 2018 ST3 recruitment round 1.

The number of applications submitted was **117**; shortlist scores ranged from **7-70** (min and max possible were 0-80).

Mean and median averages achieved were **43** (43.11) and **44** respectively.

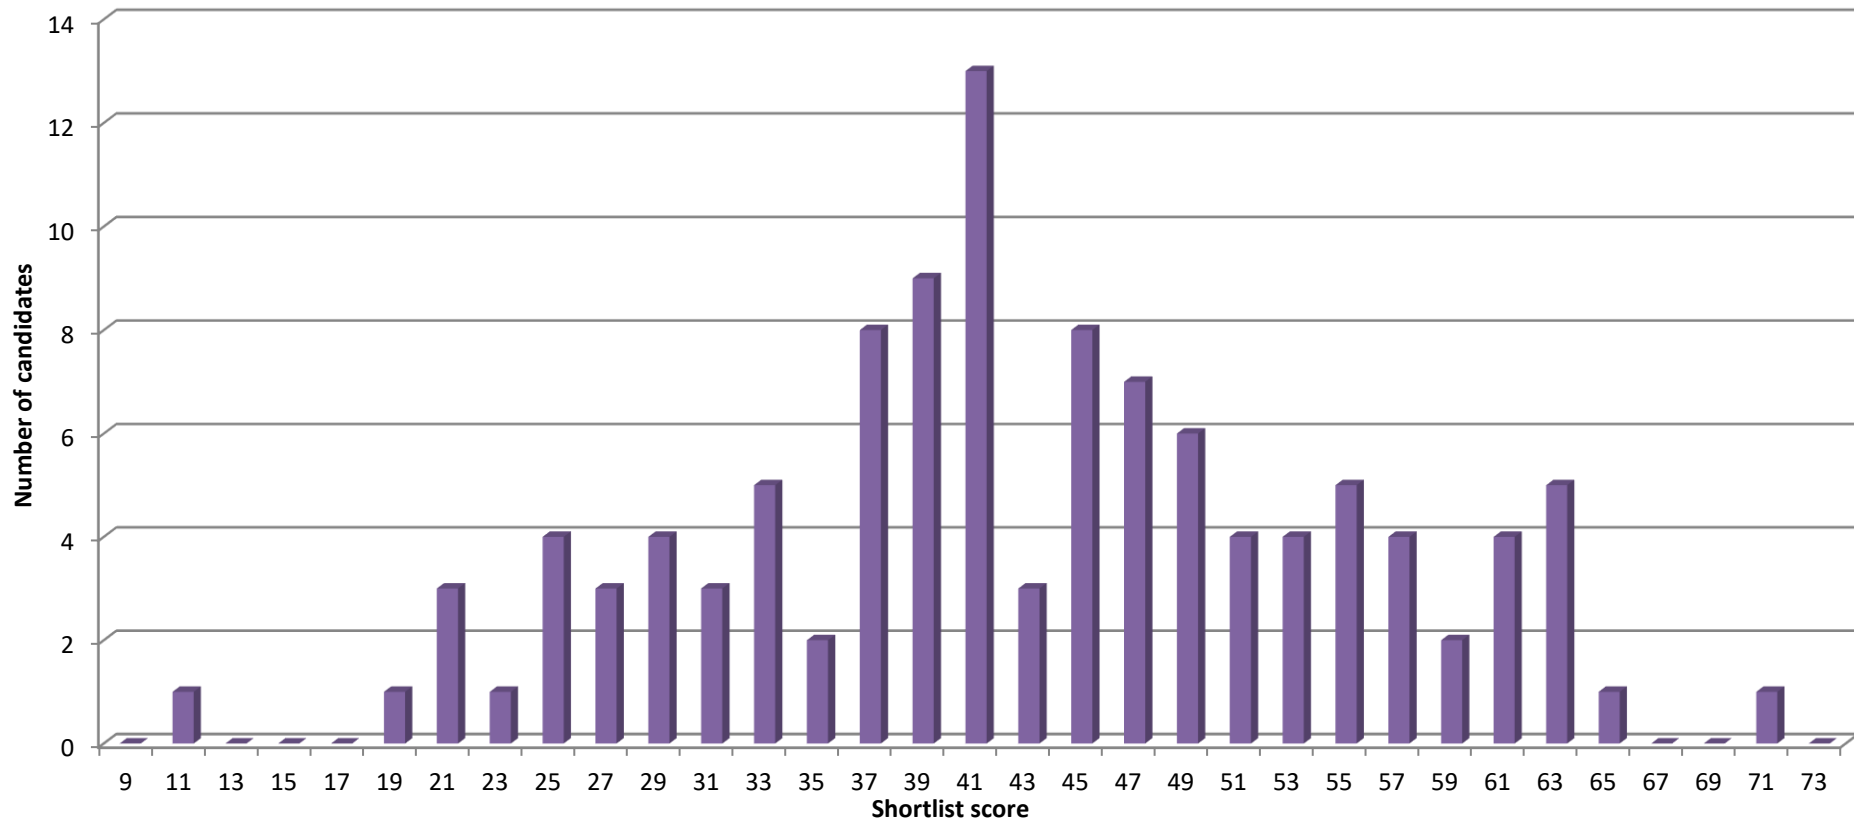

## ST3 medical oncology recruitment – shortlist score distribution 2017 (round 1)

The graph below shows the distribution of shortlist scores awarded to all medical oncology applications submitted in 2017 ST3 recruitment round 1.

The number of applications submitted was **111**; shortlist scores ranged from **11-72** (min and max possible were 0-78).

Mean and median averages achieved were **43** (43.37) and **42** respectively.

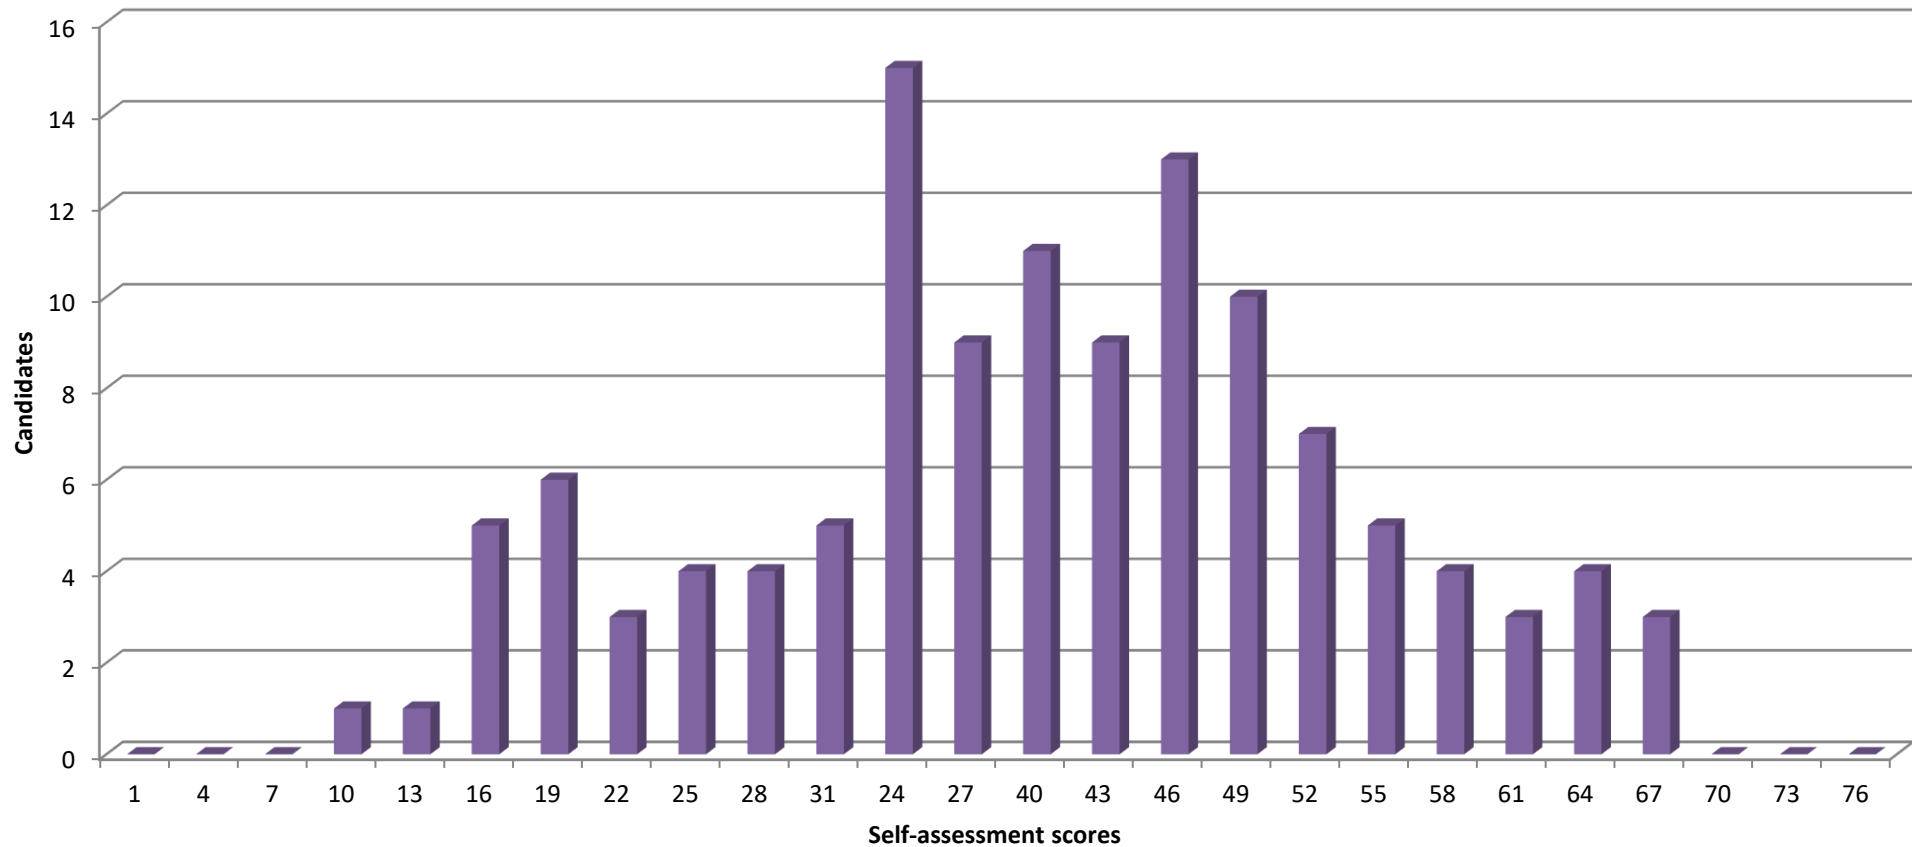

## ST3 medical oncology recruitment – shortlist score distribution 2016 (round 1)

The graph below shows the distribution of shortlist scores awarded to all medical oncology applications submitted in 2016 ST3 recruitment round 1.

The number of applications submitted was **122**; shortlist scores ranged from **11-68** (min and max possible were 0-78).

Mean and median averages achieved were **41** (41.25) and **42** respectively.

## ST3 medical oncology recruitment – shortlist score distribution 2016 (round 2)

The graph below shows the distribution of shortlist scores awarded to all medical oncology applications submitted in 2016 ST3 Recruitment round 2.

The number of applications submitted was **17**; shortlist scores ranged from **18-63** (min and max possible were 0-78).

Mean and median averages achieved were **42** (42.05) and **45** respectively.
